

## Justin Nevill

2805 Ashdale Dr.  
Austin, TX 78757  
512-203-9003  
jnevill@jnevill.com

**Objective** Seeking an internship in architectural engineering for Summer 2015

<b>Education</b>	<b>Architectural Engineering</b>	<b>Mathematics, AS, December 2012</b>
	<b>Bachelor of Science, May 2016</b>	<b>Architectural CAD, AAS, December 2010</b>
	The University of Texas at Austin	Austin Community College
	Overall GPA: 3.95/4.0	Overall GPA: 4.0/4.0

**Coursework** Structural Analysis, Architectural Engineering Design I and II, Geotechnical Engineering, Project Management and Economics, completed by Summer 2015

### Work Experience

- 06/14 – 08/14 **Undergraduate Research Assistant, The University of Texas at Austin**  
- Experimented with theoretical models for dynamic geotechnical modeling  
- Automated processes using Matlab and BASH scripting, implemented error logging
- 08/13 – 08/14 **Construction Inspector, City of Austin Public Works Department**  
- Communicated and enforced engineering specifications and contract requirements  
- Audited monthly applications for payment before submittal to project management  
- Inspected structural and utility projects valued up to \$25-million
- 09/12 - 08/13 **Construction Material Engineering and Testing Technician, Fugro Consultants, Inc.**  
- Inspected drilled piers and steel reinforcement for compliance with engineering specifications  
- Sampled and tested concrete and soil for acceptance and compliance, following relevant standards  
- Worked on a wide range of public, private, and institutional projects (buildings and utilities)
- 04/11 - 01/12 **Drafter, Advanced.1 Telecommunications Engineering**  
- Drafted physical and schematic plans with Bentley Communications and MicroStation  
- Exceeded company standards for drafting speed and accuracy
- 05/06 - 02/09 **Senior Account Manager, Dell, Inc.**  
- Managed over 400 business accounts, exceeding monthly sales goals greater than \$450K  
- Mentored team members on product specification and use, including new technology
- 09/02 - 04/06 **Kitchen and Bath Designer, The Home Depot**  
- Designed according to project requirements and relevant standards  
- Exceeded yearly sales goals and improved project tracking procedure

**Certifications** ACI Concrete Field Testing Technician – Grade 1 (expires 10/06/2017)  
10-hour OSHA Training (completed Oct. 11, 2013)
